VISION

Our vision is to create a society where every individual, regardless of their circumstances, is treated with compassion, dignity, and respect. We envision a world where they need to thrive and lead fulfilling lives.

MISSION

Our mission is to address the challenges faced by disadvantaged individuals in our society and work towards their holistic well-being

For Whom ?

At Janam Charitable Trust, our mission is rooted in a profound sense of responsibility to uplift those in need. We believe that everyone deserves access to life's essentials—food, shelter, and compassion. Our charitable efforts are dedicated to supporting the homeless, the shelterless, and the underprivileged. By providing meals, safe havens, and vital resources to society's most vulnerable, we aim to instill a sense of dignity and ignite hope for a brighter tomorrow. We are committed to protecting, nurturing, and empowering those who need it most, ensuring that no one is left behind on this journey toward a better life.

Serving Everyone, Everywhere

Every day, Janam Charitable Trust provides meals for over 200 people through our food counters. These counters are open to the homeless, shelterless, and anyone in need, ensuring that no one goes hungry. Located near key areas such as the railway station and bus stands, our counters offer a warm meal to anyone who walks in. For those who are unable to visit the counters—such as individuals who use wheelchairs or have other disabilities—we ensure that meals are packed and delivered directly to them. Our mission is to serve with compassion and dignity, ensuring that everyone has access to nutritious food, regardless of their circumstances.

Acts of Care

EDUCATIONAL ASSISTANCE

We believe in the power of education to transform lives. We strive to provide quality education, scholarships, educational support and skill development programs to children enabling them to reach their full potential. Efforts are being made to identify children from financially backward families and those who are educationally backward and provide them with the necessary assistance and help them to excel academically.

FOOD FOR STREET DWELLERS

As part of the hunger-free program a luncheon program for street people is being run without Interruption. This type of food is distributed to more than 100 people every day.

DRINKING WATER PROJECTS

Necessary steps are being taken to solve the drinking water problem in collaboration with the local bodies and others. Arrangements are being made to provide drinking water in public spaces.

EMPOWER THE DIFFERENTLY ABLED

By providing comprehensive support, resources and opportunities, we enable the disabled to lead independent and fulfilling lives, promoting their inclusion in all aspects of society. Assistive devices such as calipers, crutches, wheelchairs, CP chairs, etc are being provided to the differently abled as part of the community rehabilitation program.

MEDICAL AID

We advocate for improved health-care access and provide medical assistance and necessary medications, counseling, and rehabilitation services to address the unique needs of disadvantaged individuals, promoting their physical and mental well-being.

VOLUNTEERING

Volunteer group of over a hundred volunteers is working to introduce the new generation of social services. Their service during the Covid period and other difficult times has been highly commended.

PROMOTE SOCIAL INTEGRATION & AWARENESS

Through community engagement, advocacy, and awareness campaigns, we aim to foster a compassionate and inclusive society that values the rights and dignity of all individuals. Various training programs are being organized to make students and the general public aware of social evils. At the same time, it honors those who have left their mark on various levels.

ENSURE SUSTAINABLE CHANGE

Our organization is dedicated to implementing sustainable solutions that create lasting impact. We strive to develop programs and initiatives that address the root causes of disadvantage, empower individuals to become self-reliant, and promote systemic change in society.

FUTURE PLAN:

"Empowering Horizons: A Comprehensive Rehabilitation Center for Street Dwellers and the underprivileged"

A shelter for the street dwellers and the Differently abled is a new project launched by Janam Charitable Trust. We envisage a comprehensive system of accommodation, food, treatment, recreation and employment facilities. To further our commitment, we aim to establish a state-of-the-art rehabilitation center providing a safe haven and comprehensive support to those in need. We humbly request your support and contributions for this great cause.

Countless individuals are displaced, homeless and hopeless on the streets of our cities every day. These vulnerable members of society are often vulnerable to poverty, domestic abuse, mental illness and substance abuse, and lack access to proper housing, nutrition and medical care. Living in harsh conditions, they face great challenges in accessing education, employment and basic health-care, turning their situation into a vicious cycle of desperation. Janam Charitable Trust recognizes the critical need to address the challenges faced by street dwellers and the Persons with disability. Our proposed rehabilitation center will serve as a beacon of hope and a lifeline for these forgotten souls.
